Payper Colours

I colori di Payper.

GLOSSARIO IDENTIFICATIVO DEI CODICI COLORE.

Utile strumento per comprendere rapidamente la corrispondenza delle tonalità degli articoli a catalogo. La chiave risiede nei primi due numeri del codice colore, che identificano la famiglia di appartenenza. Un esempio: se il codice a catalogo è **03006**, lo **03** iniziale indica che si tratta di una variante di rosso.

COLOUR CODE IDENTIFICATION GLOSSARY.

A useful tool to quickly understand how to match the shades of the items in the catalogue. The key lies in the first two numbers of the colour code, which identify the family they belong to. An example: if the catalogue code is **03006**, the initial **03** indicates that it is a shade of red.

Un colore per ogni esigenza.

Il colore è una delle caratteristiche
che rende unico un capo di
abbigliamento.

Per questo, proponiamo articoli
in molteplici varianti colore, per
permettere ad ognuno di scegliere
ed esprimersi al meglio.

Con questo glossario sarà quindi
facile associare il codice colore alla
rispettiva tonalità.

Ovviamente le tonalità rappresentate
sono da considerarsi indicative, in quanto
il colore non è altro che una percezione
visiva, che cambia a seconda della luce e
della tipologia dei materiali utilizzati.

Aggiornato al 01.03.2024.

A colour for every need.

Colour is one of the features that
makes an item of clothing unique.
This is the reason we offer items
in multiple colour variations, to
allow everyone to choose and fully
express themselves.

With this glossary it will therefore
be easy to associate the colour
code with the respective shade.

Obviously, the shades given are to
be considered indicative, as colour is
nothing more than a visual perception,
which changes depending on the light
and the type of materials used.
